Welcome....

Britannia is one of the UK's leading suppliers of mobility aids. With our award winning customer service, and nationwide service and delivery, we specialise in helping our customers maintain their much valued freedom and independence. Britannia Mobility offers the widest range of

mobility scooters on the market today and we aim to recommend the right mobility solution at a price you really can afford. Britannia Mobility offers the very latest in mobility aid technology with a simple goal of helping you live a better life.

The Britannia Mobility Peace of Mind Package

Our peace of mind packages have been put together to give our customers reassurance and total confidence when investing in one of our mobility scooters.

What does it mean?

All Britannia scooters are all manufactured with the best engineering and the best craftsmanship. We ensure that every model is equipped with the latest in battery and scooter technology. Along with our after-sales care package, this means you can be doubly confident when making a purchase.

3 YEARS Insurance

Although not a legal obligation, we strongly recommend every scooter owner takes out an insurance policy. For your convenience, we offer a 3 year insurance policy package. This covers you for theft and accidental damage of up to £2 million liability.

3 YEARS Warranty on Parts

Purchasing a peace of mind package ensures that all major parts of your scooter are covered in the unlikely event of a part failing.

3 YEARS Warranty on Labour and Callouts

Rest assured if you need any work doing on your scooter all labour and callout charges are included in the 3 year insurance backed warranty.

3 YEARS breakdown and recovery

In the unlikely event of a breakdown, our peace of mind package includes emergency recovery.

Max. speed*	4 mph
Max. range*	10 miles

*May vary based on rider weight, riding surface, battery condition and weather.

The world's first self-folding scooter. No other transportable scooter is built to this standard. At the flick of a switch the Fold and Go automatically folds, eliminating the need for painful bending or straining.

Folded, this scooter can be stored in even the smallest of places and can be transported easily in the boot of a car or in the hold of a plane or boat. Boasting a 4 mph top speed and with a range of over 16 kilometres the Fold and Go is without doubt the most revolutionary product in the mobility market today!

ADJUSTACRAFT

 **Britannia
Super Lite
TWINGO** **5**

- Adjustable tiller for comfortable driving position
- Easy to use controls with comfortable handgrips
- Plenty of legroom
- Padded, adjustable armrest
- Lightweight padded seat for optimum comfort
- Carries riders up to 18 stone
- Rear support bumpers for vertical storage and ease of dismantle
- Removable battery case with carrying handle
- Magnetic Stabiliser™ wheel technology
- Angled foot supports

Maximise your freedom with the new compact Superlite 5 Twingo; an economical 3-wheel portable scooter with exclusive Magnetic Stabiliser™ wheel technology giving you increased stability and outstanding manoeuvrability in tight situations. The self-centering Magnetic Stabiliser™ wheels come into contact with the ground when cornering, making all the difference to the stability and helping you feel totally in control. Angled foot supports provide exceptional legroom and offer outstanding levels of comfort and an optimum seating position – particularly important for those riders with fixed hips or stiff joints.

Our Britannia Superlite 5 Twingo is lightweight, with a two-piece chassis and is designed to disassemble with ease and fit comfortably into most car boots. It also features cleverly designed rear support bumpers that make it easy to store in an upright position – great news when space at home is at a premium.

So many well-thought out details – visiting family and friends, going shopping or simply enjoying life, has never looked so good.

Tips to think about before buying a mobility scooter

If you are considering whether a scooter may help you to live a far more active life, with greater freedom and independence, then there are some important points you need to consider before rushing out and buying one.

Are scooters for disabled people?

Scooters are for active people who want to remain as active as possible for as long as possible.

Why are there so many different models?

Everyone is different and has different personal and medical needs. Our wide range of scooters means we can find the right products for you.

What about storage?

No problem! We can give helpful advice on indoor and outdoor storage and our free demonstrations ensure that you get the right product for you and your home.

Could you use a scooter?

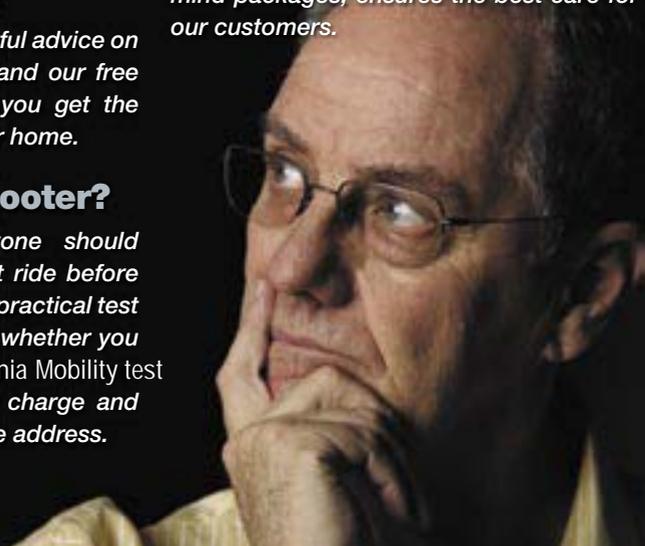

We strongly believe everyone should have an assessment and test ride before investing in a scooter. A good practical test drive is essential to establish whether you can use a scooter. All Britannia Mobility test rides are completely free of charge and can be held at your own home address.

Are there easy payment plans available?

Yes many options are available Britannia Mobility has the greatest range of payment plans in the UK marketplace. Literally anyone can afford a scooter.

What about after sales care?

Britannia is the only scooter company in the UK that employs a full time nationwide network of personnel who can help you if you have a problem with your scooter. This, along with our peace of mind packages, ensures the best care for our customers.

About Britannia Mobility...

Britannia Mobility is one of the UK's leading suppliers of mobility aids for outdoors and in the home. With our award winning customer service, and nationwide service and delivery, we specialise in helping our customers maintain their much valued freedom and independence.

Britannia Mobility sells the widest range of mobility aids on the market today and we aim to recommend the right mobility solution at a price you can afford. Whether it's a new rise and recliner chair, a stairlift, a walk-in bath, a mobility scooter or an adjustable sleep system, Britannia Mobility can help you regain your much valued freedom and independence.

Britannia Mobility offers the very latest in mobility aid technology with a simple goal of helping you lead a better life. For more information call us on FREEPHONE 0800 084 2244 or you can email us - sales@britanniamobilityuk.com

Britannia Mobility is a highly ethical organisation; all staff operate to a strict Code of Conduct that ensures clients receive the highest possible level of service. We provide intensive and ongoing training on how to help clients and ensure their needs are satisfied. Every client is given the opportunity to provide feedback on their experience with Britannia Mobility.

Our Ethics....

Our clients' safety is our primary concern. We assess all clients thoroughly in the comfort of their own home and, with mobility scooter enquiries, we conduct RoSPA-style driving assessments in the environment where their primary usage will be.

If a product is recommended, it will meet the clients exact needs and enhance their quality of life.

Factors which determine any recommendation will include:

- suitability to surroundings and proposed usage
- any effect that usage may have on existing or progressive medical conditions
- storage / access and vehicle charging facilities
- where possible, future proofing as conditions and lifestyles may change

Please be advised that if after an assessment we think that our products are not suitable or may put any prospective user's at risk to themselves or others, we will inform you of that and how we came to that conclusion

“I don’t feel so much of a burden now that I can get around on my fantastic new scooter.”

**Brenda, Bury, Mancheser
Delighted Customer**

“My scooter is a lifesaver. I want others to know that just because someone has a disability it shouldn’t mean they stay at home.”

**Peter, Rhos on Sea, Wales
Delighted Customer**

“My scooter has given me the freedom to spend quality time with my family and pursue my interests for the first time in six years.”

**Dilys, Whitchurch, Shropshire
Delighted Customer**

“I used to worry about how I would get back from the shops, now I’m confident that I’ll be able to get home no matter what and the best thing – I don’t have to rely on help from friends or relatives.”

**Albert, Southampton
Delighted Customer**
